

Simple steps to add an address on a frame's corner using a web link

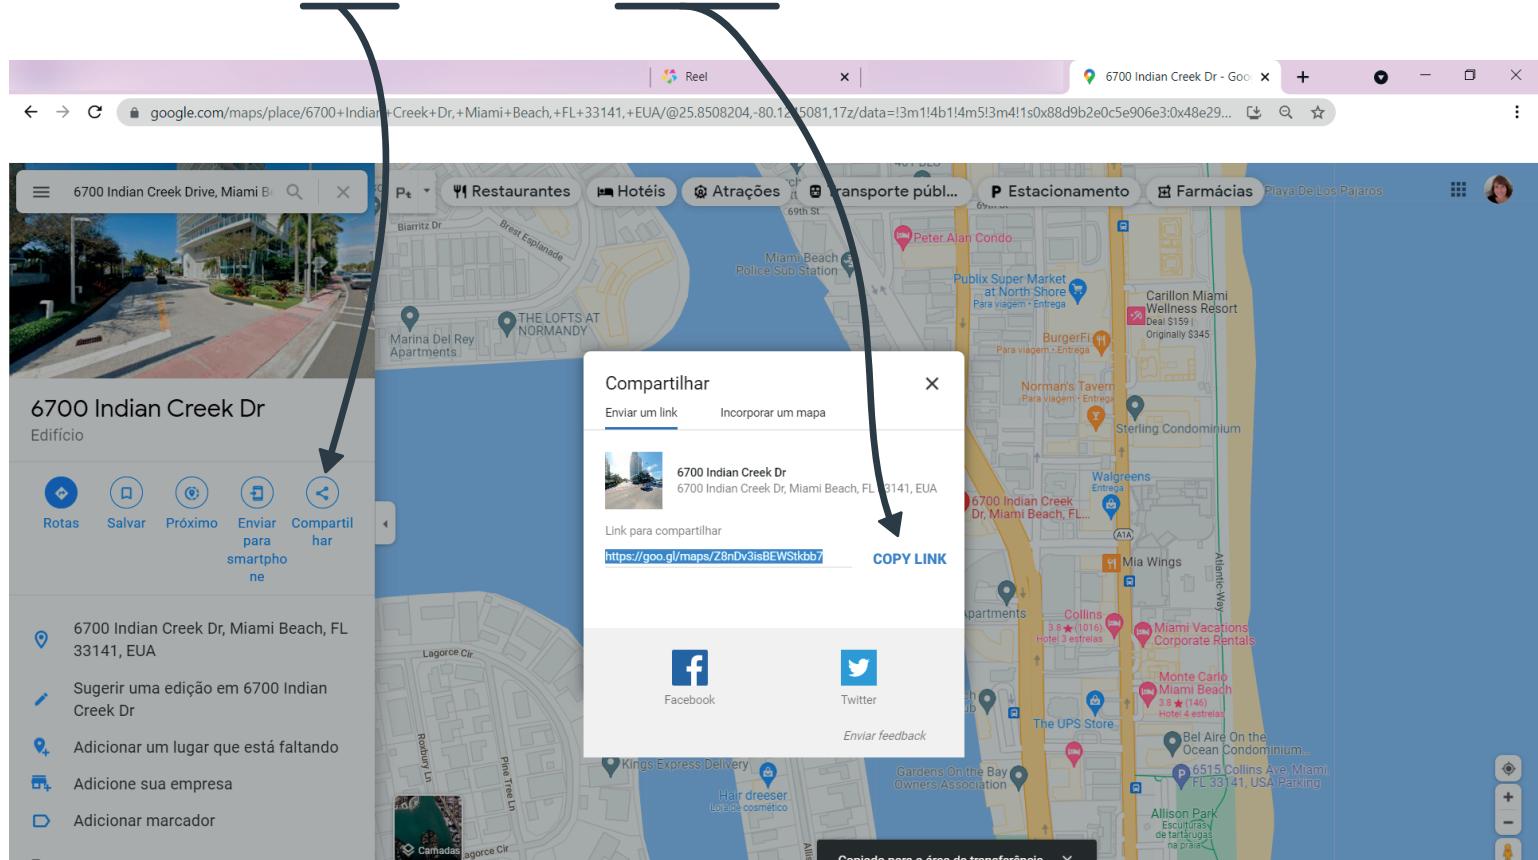

STEP 1: On your Add Corner Content Pop-up, Choose **Content Type "Web Link"**

STEP 2: Open a new browser window or tab, visit <https://www.google.com/maps>

STEP 3: Add the desired address on the searching box.

STEP 4: Click on **share** button and “**Copy Link**”

STEP 5: Return to your Add Corner Content Pop-up, Choose **Content Type “Web Link”** and paste the link previously copied under the **web link box**. Press “**Apply**” to finish.
